DANGER IN STALE FOOD.

Many cases of sickness and even of death from cholera morbus are caused by eating stale victuals, such as salads which have been kept over for a day or two. In hot weather microbes begin their work on any kind of food soon after it is cooked, and the longer the food is kept the more the microbes multiply and the worse the food becomes.

Salads of all kinds ought to be eaten soon after they are made or else not at all. They become so dangerous in a few hours that animals refuse to touch them, because their senses are better guides to health than the senses of human beings. Potato salads are especially dangerous because the starch of which potatoes mainly consist spoils very quickly. On this account potatoes are employed in biological laboratories to test the propagation of microbes.

When fruits cause cholera morbus the infecting microbe generally comes from the outside of the fruit. There are no microbes inside of an apple or peach that has an unbroken skin. The microbe starts from the outside as soon as an opening occurs in the fruit skin and soon corrupts the entire specimen. On this account no apple, peach or other fruit should be even tasted without first removing the skin. Apples picked up in orchards are further liable to carry tapeworm germs if the skin is not carefully removed before tasting.

PRIEST RESIGNS.

Rev. Thomas J. Mulvey, for nearly nine years assistant rector of St. Edward's Roman Catholic Church, Brooklyn, and recently acting rector of that parish, has sent a letter to the Right Rev. Charles E. McDonnell, bishop of the Diocese of Brooklyn, submitting his resignation from St. Edward's Church and announcing his immediate withdrawal from the Catholic ministry.

In his letter to the bishop, Rev. Mr. Mulvey states simply that some of the opinions he holds are at variance with many of the dogmas which he is supposed to teach and defend and that he cannot longer abide this situation.

In a statement which he made yesterday the retiring assistant of St. Edward's explained at length the motives which have led him to give up the Catholic ministry and abjure that faith. He said that the recent utterances of Pope Pius against what he termed modernism in the church and the advance of liberal thinking made it impossible for one of the Catholic clergy who did not agree with the supreme pontiff in his pronouncement to continue in the church without destruction of his own character. Rev. Mr. Mulvey said that he believed it fairer to himself and the people whom he was supposed to lead to resign his parish and give up his faith rather than continue in opposition to irreconcilable fiat.

DeWitt's Witch Hazel Salve is especially good for piles. Recommended and sold by W. F. Creighton & Co.

MARRIAGE OF PRINCESS.

According to dispatches from Vienna, Austria, the Princess Amelie Louise of Furstenberg and Gustav Kozian, an employe of an automobile firm, with whom she eloped last May, were married on Tuesday in the castle chapel at Kammerberg.

Extraordinary scenes accompanied the ceremony, preparations for which were kept secret. Kozian arrived an hour before the ceremony, being admitted by the back gate to the castle, and donned the uniform of a lieutenant of dragoons before entering the chapel. The bride's mother attempted with tears and reproaches to persuade the princess to give up her lover, and Prince Emil of Furstenburg, her brother, urgently seconded his mother's appeal.

After entering the chapel the mother made a final appeal, and Princess Amelie, overcome by her emotions, fell fainting to the floor. When she recovered, however, she insisted upon going through the ceremony, but was so weak she had to be supported. Directly afterwards the princess embraced her husband in the presence of the crowd that had gathered in front of the castle. The pair left for Prague.

Over Thirty-five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by W. F. Creighton & Co. and Richard Gibson.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

SATURDAY EVENING, JULY 18, 1908.

PEOPLE who take issue with the authorities of cities every time they make a movement toward eliminating a dangerous nuisance should read the pathetic scenes attending the death from hydrophobia of a little girl last Thursday in Baltimore. Her sad fate was seen to be inevitable by her parents and others several days ago, and the child, young as she was, saw the shadows of certain death continually before her and in her innocent prattle talked of bidding those around a sad farewell. Some heart-rending and pathetic scenes were enacted before the little one's eyes were closed in death. She told her mother Thursday morning that it was her last day on earth, and begged throughout the day and evening for the privilege of kissing her goodby. The mother knew that it would be dangerous to allow her lips to touch those of her dying child, so she occasionally turned her cheeks to her, while great tears rolled from her eyes. The mother states that the child died in great agony.

ONLY ONE congressional primary has been held so far this year in Virginia, and that was in this, the Eighth, district, where R. Lindsey Gordon opposed Congressman Carlin. As heretofore stated both candidates have filed their campaign expenses account, itemized. It cost Mr. Carlin, according to these statements, $3,433.78, and Mr. Gordon $3,678.67. Each had to pay $750, one-half the estimated expense for conducting the primary. Mr. Gordon failed to win, but this shows what it cost even in an effort to defeat a member of Congress. In speaking of the expenses attached to the conduct of primary elections, the Norfolk Ledger says:

The primary law in this state did not at first apply to congressmen, for, as Congressman Jones stated, the incumbent had all the best of it, and it is a significant fact that no incumbent has been beaten in this state since the primary law was made to take in the members of Congress.

NORFOLK will have no more horse shows. The management says it has lost $11,000 and is done with them. The horse show building, later the Kiral Hippodrome, where Pocahontas was presented during the Jamestown Exposition, is being torn down and moved to Greensboro, N. C., for a convention hall and state fair purposes. No date has been set for the Richmond horse show and it is probable that it, too, will be abandoned. The horse show business in Virginia has been considerably overdone recently.

THE first collection of vital statistics in Pennsylvania discloses a declining birth rate, and the Health Commissioner says that it is not due alone to race suicide. The marriage statistics show that the age at which women now marry is 24½ years, on the average, and that one-third of the first-born children are from mothers over 25 years old. The report asserts that the entry of women into business and their growing independence are largely responsible for the declining births.

DURING the past few days sparks from locomotives have set fire to the grass on several farms between this city and Mallow station, west of this city, and in more than one instance serious damage was only prevented by the strenuous efforts of those living nearby. The grass along the railroad tracks is now very dry and too much care cannot be exercised by the trainmen while running their trains through the country during the drought.

THE dynamite explosion in the colliery near Borbeck, Germany, in which eight miners were killed, now appears to have been caused by a miner who wanted to commit suicide. The suicidal mania seems to be on the increase and if those this way inclined decide to take others with them when they shuffle off this mortal coil, as did the German miner, suicide will become a much more serious matter than it is at present.

MR. TAFT still sticks to the announcement made when Geo. R. Sheldon was elected treasurer of the national republican committee that campaign contributions will be made public, but not until after the election. In answering questions in regard to Mr. Bryan's position that campaign contributions should be published before election, he evades the questions.

SPORTING men and shrewd observers of the political situation yesterday swooped down in New York on the Lloyds of London who have been offering ridiculous odds against Bryan. The odds were driven down from 10 to 1. Many believe that before long the odds will be on Bryan to 4 to 1 and they would not take any money at that figure.

FEARING a disturbance to business which might cost the republican candidate thousands of votes in the coming presidential election, heads of all the big eastern trunk lines which met in New York, on Thursday, postponed action on the proposal to raise rates at this time and E. H. Harriman, who advocated the move, stands defeated.

IN THE opinion of Mr. Judson C. Clements, member of the interstate commerce commission, the proposed general increase of freight rates, announced in New York yesterday, would constitute a violation of the Sherman anti-trust law, and would render all the railroads concerned liable to severe penalties.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, July 18.

D. Linard, American consul at Ceiba, Honduras, has informed the State Department that a revolutionary attack was made upon that town yesterday which was repulsed after an hour of desperate fighting. Several casualties resulted. Another attack was expected.

The State Department today announces that Brig. Gen. Arthur Murray, chief of artillery of the U. S. A., has been appointed to represent the U. S. army on the staff of Vice-President Fairbanks who has been designated as the official representative of the U. S. at the ter-centenary of the discovery of Canada. Gen. Murray will join the vice-president at Montreal.

Representative Theodore E. Burton, of Ohio, who made a flying trip to Washington in the interest of some constituents, refused to talk on politics. He is on his way to Europe to look into English waterways, and will return late next month to take up his part in the campaign. Burton is very sanguine of republican success.

An order dissolving the Peoples' Fire Insurance Co. of the District of Columbia has been signed by Judge Anderson. John E. Herrel and Henry K. Simpson were appointed receivers to wind up the affairs of the company with bond fixed at $100,000.

The body of Major Pierre Charles l'Enfant, the French engineer who planned Washington, and which has reposed in an unnoticed grave on the Digges farm in Maryland for nearly a century, will shortly be removed to the campus of the Catholic University of America and $1,000 appropriated by Congress used for the erection of a suitable memorial stone. The owners of the Digges property have consented to the removal of the body and Bishop O'Connell, director of the Catholic university, has conferred with Commissioner Macfarland expressing his desire that l'Enfant's remains rest in the campus grounds of his university. The ceremonies incident to the transfer of the body will take place in September.

This government has sent a message to the Persian government stating that the United States expects that proper care and protection will be afforded for both the missionaries and their property.

FIGHT WITH STRIKERS.

While the reports concerning the strike situation in Adamsville, Ala., are greatly exaggerated, there was sufficient cause for alarm to induce Governor Comer to order the military of the district to sleep on their arms last night and remain in readiness for an emergency call.

Yesterday Gov. Comer, together with Sheriff Higdon and several deputies, made an automobile tour of the strike district. So impressed was the governor with the seriousness of the situation, that on returning to Birmingham three local companies of militia were ordered under arms. At the present time a mixed company numbering 100 men is en route to Adamsville, where yesterday afternoon there took place an engagement between strike sympathizers and deputies. One deputy is dead, others wounded, and many strike sympathizers have been arrested. News of this engagement was followed by the instant mobilization of troops, which are now en route to Adamsville.

DOUBLE SHOOTING.

As the result of a double shooting in Jersey City, N. J., late yesterday, Mrs. Harriet Brennan and J. Martin Tilton are in a hospital with wounds which will probably prove fatal in each case. There were no witnesses to the shooting and an element of mystery is brought into the affair by the conflicting antemortem statements made by the dying man and woman. Each accuses the other of shooting and then attempting suicide. Tilton has been a boarder in the house where the shooting occurred, the residence of Mrs. Brennan. Mrs. Brennan, a woman of 25, alleges that Tilton, during a quarrel, became enraged and shot her. Tilton's statement, diametrically opposite, accuses Mrs. Brennan of coming into his room, revolver in hand. He tried to get the weapon from her, he says, and during the struggle was shot in the head. Mrs. Brennan's relatives allege jealousy on Tilton's part as the motive of the shooting.

RAIN ENDS SHRINERS' PARADE

A downpour of rain yesterday afternoon broke up the civic parade which had been planned as the distinctive St. Paul feature of Shriner's week. The parade which started from the State Capitol at 2.30 o'clock, was about half over when the storm forced paraders and spectators to run to cover.

The parade—what there was of it—was elaborate. The first division was led by the federal soldiers from Fort Snelling. Following marched a regiment of the Minnesota National Guard and various civic organizations, including the Shriner patrols. Several floats, entered by business houses, completed the pageant.

At night a ball at the armory and a reception at the Auditorium ended the social events of the week.

This afternoon the balloon race, for which six balloons are entered, will be held.

To Fight Increase.

New York, July 18.—Following the announcement that freight rates in the district east of the Mississippi and south of the Ohio would be raised from four to ten cents per hundred, New York merchants today are planning a united fight by the shippers of the whole country to fight the plans of all the big roads for a general increase. It is hinted that should it seem necessary wholesale prosecutions under the Sherman law may be invoked to prevent the railroads carrying out their expressed intentions.

News of the Day.

Alabama troops have been ordered to be ready to move on the coal fields, where a strike is on.

Commander Peary sailed from Sydney, C. B., yesterday, on the Roosevelt, thus beginning his dash for the pole.

It is reported that as soon as the British fleet maneuvers are finished Admiral Beresford will resign command.

Fourteen automobiles worth $60,000 were burned early today when flames destroyed the Bedford garage on Bedford avenue, Brooklyn.

George Hackenschmidt, the "Russian Lion," will never again wrestle. This statement was made by his physician at Aix la Chapelle today.

Rev. Dr. J. Milton Waldron, of Washington, says the negroes of the country are becoming engaged in a formidable movement against Taft.

Waldorf Astor, eldest son of William Waldorf Astor, was yesterday chosen as conservative candidate for member of the British Parliament from Plymouth.

What was apparently the second incendiary attempt within a month to destroy the Lyric Theater in Harrisburg, Pa., was frustrated early this morning by quick discovery of the flames.

Every clue to the slayer of Hazel Drew, whose body was found in Teal lake near Troy, N. Y., so far has proven useless, and today is as much of a mystery as when the girl's maimed body was drawn from the water.

Two men were fatally, and ten others seriously injured early today by an explosion of hot metal in the blast furnace of the Wisconsin Steel Mills, in South Chicago. The explosion occurred while the furnace was being tapped.

Frank Zotti's foreign banking-house and steamship agency at Chicago closed its doors yesterday. There are branches of the institution in New York city and Pittsburg. Jesse Watson, of New York, was appointed receiver yesterday.

Fire yesterday destroyed the tannery of Fayerweather & Ladew, at Everett, near Cumberland, Md., throwing about 200 men out of employment. The tannery was the principal industry of the town. Loss is placed at $250,000.

Nude, except for a pair of fine quality oxfords, the head, and and arms severed at the body, the torso of a young woman was found in Long Island Sound just off Savin Rock, Conn., about noon today. The body probably has been in water nearly a month.

When the Olympic games are concluded at London there will probably be two claimants to the championship—England and the United States. The latter claims that at the beginning of today the score stood 31 to 29 in favor of the United States.

Reports from the interior of Ohio today show that four persons were killed and two badly injured by lightning and heavy damage done to crops and property by the severe electrical, wind and rain storm that swept northern and central Ohio late yesterday.

Virginia News.

The Richmond Pickling Factory in Fredericksburg has been sold at auction and purchased by the Virginia Excelsior Company.

At a special meeting of the town council of Leesburg Thursday night, Edward H. Norris was elected town sergeant to succeed the late Charles F. Laycock.

W. M. James, of Round Hill, Loudoun county, has sold his farm of 327 acres, located near that place, to H. T. Jones, of Eggleston. The price received was $12,500.

The tobacco manufactory of J. N. Wyllie & Co., at Danville, together with the contents, was destroyed by fire yesterday, entailing a loss that is approximated at $20,000.

An order was issued from the office of the Board of Health, Richmond, yesterday afternoon, forbidding dairymen who furnish milk to the citizens of Richmond to feed their cows distillery mash or refuse.

The will of the late Capt. W. W. Payne has been admitted to record in the county clerk's office at Harrisonburg. According to papers filed the value of the estate is $25,000, all being bequeathed to his wife. Capt. Payne named his brother-in-law, Mr. Eppa Hunton, jr., of Richmond, as executor, but he declined the place, requesting the widow to be appointed, which was done.

"CURSE OF BLOOD."

Lillian Watkins, theosophist, who committed suicide in Chicago after discussing reincarnation and the destiny of the human soul, ended her life because her "curse of blood" had left a trail of disaster and death in its wake. Ida May Watkins, a negress, appeared at the coroner's office yesterday to claim the body. The mother told the coroner a pathetic story of the life of her white-skinned daughter and herself. In order to permit her daughter to associate with white persons, and in order not to handicap her, the mother had daily passed her on the street without recognition. Her mother married W. J. Watkins, white, and Lillian was their only child. She met Thomas Kennedy, also a theosophist. They were engaged. She told him her secret and they parted, and Kennedy married another girl. Two weeks later he committed suicide. The coroner's jury found that the girl had committed suicide because of despondency over Kennedy's death.

New York Stock Market.

New York, July 18.—The stock market ruled strong and active all through the first hour with further advances in prices of one point or more, carrying some stocks to the highest range since March, 1907. The crowd in the stock was the largest on the floor.

As the market approached the close urgent buying appeared all around the room carrying the prices in the last few minutes up to the highest range of the day.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbrow's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye.

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 67

Today's Telegraphic News

Planning Slaughter of Jews.

Berlin, July 18.—Slaughter of the Jews throughout all Russia, according to information just received here, is being planned by the notorious anti-semitic agitator, M. Krushevan, who organized and led the terrible Kishineff pogrom of 1903. Krushevan, it is declared, has formed a committee as bloodthirsty as himself, and his agitators are threading all Russia to organize for the massacre which he intends shall begin at the time of the Jewish New Year, early in October.

Calling on the Russians to not be content "with trifles" like the Kishineff slaughter, Krushevan has issued a manifesto urging them to achieve "really great deeds." He writes:

"Let us serve our country by utterly exterminating those Jewish vermin who infest our fatherland and suck out the life blood of our glorious nation!"

The Jews of Kishineff and nearby sections are already accumulating arms for defense. Their example will be followed by other Jews in all parts of Russia, and should the imperial government not intervene, October will usher in such combats as even bloody Russia has never seen.

Revolutionists Again Supreme.

Tabriz, July 18.—After six days of desperate fighting, in which Rachin Khan, leader of the shah's troops, swept the streets of the revolutionary quarters with machine guns, the revolutionists have gained the supremacy and now hold the city and are wreaking vengeance on all those sympathized in the least with the movement to suppress them. The houses of the shah supporters are being sacked and their inmates slain. Many of Rachin Khan's soldiers are being put to death.

The turn in the tide of battle came as a result of a preconcerted uprising of the populace, supported by the elders, in all parts of the city. An armed mob of several thousand marched against Rachin Khan who, on account of a scarcity of ammunition, quickly ordered the evacuation of the city.

Mysterious Deaths.

New York, July 18.—Shot through the heart as he lay in bed, Ernest Glock, 28 years old, was found dead in his apartments in west 178th street today. His wife, Sarah, 26 years of age, was found, fully dressed, dead, on a seat in the bath room. She had been poisoned. The police are investigating. W. H. Donnelly, who made the discovery, at once informed the police who took charge of the bodies. Neither Donnelly nor the detectives would consider the case anything but murder and suicide. The theory is that the woman killed her husband and then ended her own life. Little is known in the house where the couple came to their death of the antecedents. Last February Glock became janitor of the building but of their life before that little or no clue has been found.

Husband and Wife Planned Suicide.

New York, July 18.—Eleven pennies and an opened German prayer book were on the table of William Panzer's flat in No. 224 east 104th street when the police broke in the door to find the aged man and his wife sitting hand in hand nearly dead by gas with a tube in the mouth of each. In the prayer book was marked the passage: "Lord, now lettest Thou Thy servant depart in peace." In Harlem Hospital it was said today the aged couple would die. In the room where they attempted suicide was found a letter addressed "To all whom it may concern." It read: "We are out of work and we have lived so long together that we cannot bear to be separated even in death."

A Denial From Gompers.

Erie, Pa., July 18.—"I never sent any message to W. R. Hearst, asking the independence league endorsement for Bryan," said Samuel Gompers, president of the American Federation of Labor, here today. "Mr. Hearst's cablegram apparently in answer to me was merely a political dodge to spread his views before the country." Gompers will make his appeal to the members of the American Federation of Labor to support Bryan. Dissension of a political nature is expected when Gompers asks his fellows to take off their coats and hustle.

Conference in Regard to Paper Trust.

Oyster Bay, July 18.—Whether the federal government will or will not proceed against the "paper trust" is the subject of a conference at Sagamore Hill today between Attorney General Bonaparte and the president. Some days since Herman Ridder, of the American Newspaper Publishers Association, wrote Mr. Roosevelt asking aid to bring the trust to terms. Mr. Roosevelt referred the matter to the attorney-general and it is to decide upon a course of action that they are in the conference.

Wants to be M. P.

London, July 18.—Waldorf Astor, son of William Waldorf Astor the self-expatriated American millionaire, wants "M.P." after his name, and he will likely get it. The young man has been chosen by the conservatives as their candidate for the House of Commons for Plymouth. This means that young Astor will follow in the footsteps of his father in allegiance to the British crown. He will be backed by his father in his fight, and if any money is needed, it will be forthcoming without stint.

Double Murder and Suicide.

Milwaukee, Wis., July 18.—Two men and a woman are dead here today because William Hill, a barber in the Soldiers' Home, was jealous of Albert Diller. Hill shot and killed Mrs. Marie Kimbell, then fired at Diller, but killed Joesph Bittner. Then he wounded an Australian known only as John as he fired again at Diller. Then Diller, being out of range, Hill shot himself, dying instantly.

Poisoned By Mosquito Bite.

New York, July 18.—Poisoned by a mosquito bite, Wm. Breighaupt, two years old, whose parents live in Brooklyn, died today in the Samaritan Hospital. Blood poisoning from the mosquito's bite necessitated amputation of the child's right leg. He died of shock.

Twenty-Five Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by W. F. Creighton & Co. and Richard Gibson.

Rebellion in Macedonia.

Vienna, July 18.—Thirty thousand rebels led by mutinous Turkish soldiers from the various Macedonian garrisons, are marching against Constantinople in an effort to wrest control of the Ottoman Empire from Abdul Hamid, according to a dispatch received here today.

Gen. Wolfie Pasha is mobilizing a large force at Salonica to intercept the mutineers, who are marching from Monastir, by way of Seras, 45 miles northeast of Salonica, and Andrianople, 137 miles northwest of Constantinople, and a terrific struggle is imminent.

In addition to the uprising in Macedonia, Asia Minor has became affected and thousands of rebels are concentrating at Angora to join in the contemplated raid on the Turkish capital.

So serious is the situation that the sultan has rushed every soldier available to Salonica and other mobilizing points to stave off the onrush of the rebel armies. The disaffection among the populace is widespread and at every place the rebels have had large accessions to their ranks. Only a quick and decisive victory by the sultan's soldiers, it is believed, can save the city from attack.

Plea of Self-Defense.

Huntsville, Mo., July 18.—After being defeated in the first round of the fight to save the life of Irvine Carter, slayer of Thomas Bagby, his sister's sweetheart, it is stated today that the "unwritten law" is to be bolstered up by another kind of defense. A plea of self-defense will be added the justification theory. Carter will have to stand trial in the circuit court, having been bound over at the conclusion of the preliminary hearing last night. The ground work for the new defense was laid by Beulah Carter, the sixteen-year-old girl whose wrongs at Bagby's hands led to the killing. Just before leaving the stand she told how Bagby had made threats against the whole family, which the attorneys argue justified any of them in killing him the moment he ventured on the Carter farm. It is now claimed a letter will be produced in which Bagby threatened to kill the girl and all of her relatives if she attempted to sever their relations. It also developed that a general attack on Bagby's reputation is to be made in defense of his slayer. Beulah testified Bagby had told her of other girls he had wronged and then deserted when they pleaded with him to marry them. Meanwhile Carter has been committed to jail.

Fights with Strikers.

Birmingham, Ala., July 18.—State troops, cavalry and infantry, today are patrolling the Adamsville mining district following a battle between deputies and striking miners at Jefferson in which Robert Gardner, a deputy marshal, was fatally wounded, a dozen miners were shot and more than a thousand shots were fired.

Reports that a serious battle between deputies and striking miners has occurred at Blossburg were received here today at the sheriff's office. Troops now en route to that place. No estimate of dead or wounded at Blossburg accompanied the reports of the engagement.

Following the Blossburg fight squads of miners hurried to Pratt City, where they threatened to turn loose the convict miners as they were going from their work back to their cells. Only the presence of a large number of guards who were hurried to the scene prevented them making good their threats.

Thousands of strikes breakers are daily being rushed to the mines and guarding them, in addition to the militia, are more than 500 deputies.

Prelates Depart for Rome.

New York, July 18.—Cardinal Gibbons and Archbishop Farley with 50 other prelates of note in the Roman Catholic Church started today for Rome on the steamer Konig Albert of the North German Lloyd. They will attend the golden jubilee of the pope and afterward will make a trip through Europe, returning to America in October. With him Archbishop Farley took the Peter's pence which every two years are remitted to the Vatican. What the amount of this offering is the archbishop could not say except that it was larger than ever before. When the princes of the church sailed hundreds of priests and their parishioners crowded the pier and the ship's decks. Many of them had never seen Cardinal Gibbons before and there was a crush to kiss the episcopal ring on the finger of the only American Cardinal.

Anticipate Trouble.

New York, July 18.—Scores of both uniformed police and plain clothes men are on the Brighton Beach race track today in anticipation of trouble when the big holiday crowd arrives. It is declared that while an effort will be made to avoid disturbance, no betting of any sort will be allowed, and the fractions bookmakers will be hustled out without ceremony should they attempt to evade the law.

Cost of Strikes.

St. Petersburg, July 18.—Russian strikers and employers lost $200,000,000 on account of strikes in the year ending May 31, according to statistics made public here today. There were 13,110 strikes in this year and 2,709,695 men were involved. Most of the strikes were called to demonstrate discontent with present political conditions.

Owing to a run that gradually drained its vault of currency the Farmers and Merchants' Banking Company, at Cleveland, O., failed to open its doors yesterday. Later a deed of assignment was filed. The bank was capitalized at $100,000. The assets and liabilities are each estimated to be about $500,000.

Official.

BOARD OF ALDERMEN.

At a called meeting of the Board of Aldermen of the city of Alexandria, Va., held July 17, 1908, there were present:

J. R. N. Curtin, esq., President, and Messrs. Brill, Marbury, Belleager, and Sweeney.

An ordinance to grade, pave and curb Payne street from Cameron to Queen under certain conditions, received from the Common Council July 14, 1908, was read the second and third times and passed, ayes 5, noes none.

An ordinance to grade, pave and curb Columbus street from King to Cameron under certain conditions, received from the Common Council July 14, 1908, was read the second and third times and passed, ayes 5, noes none.

The board then adjourned.

J. R. N. CURTIN, President.

The "Gift of Tongues" Sect.

Cleveland, Ohio, July 18.—A movement is on foot today to ask the Council to put a stop to meetings of the "Gift of Tongues" sect, as the result of a riot last night in which enthusiasm and limberger cheese mingled.

Residents of the vicinity of the hall have been aroused by the strange services of the sect. Last night, while the zealots, many of them negroes, were shouting and wailing, large quantities of limburger, in an advanced stage were distributed through the hall. A rush for the exit ensued. The doorkeeper tried to check the rush and the crowd outside took a hand. Men, women and children were knocked down and trampled. A riot call brought a patrol wagon of police and the doorkeeper was rescued, the injured cared for and the police, ejecting the worshipers, closed the hall.

A Denial from Croker.

London, July 18.—"There is no truth in the report that I am going to aid in Mr. Bryan's candidacy. I shall take no part, directly or indirectly, in the coming campaign." Richard Croker wired this message to the United Press today from Sandyford, Dublin, in answer to a question regarding the report that he intended going to New York to help Bryan. Friends of the former Tammany chief supplemented Croker's denial by declaring that he had told them he had positively withdrawn from politics and would never again enter that field.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic Cholera and Diarrhoea remedy which cured him and believe that it saved his life.—William H. Strolling, Carbon Hill, Ala. There is no doubt that this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by W. F. Creighton & Co. and Richard Gibson.

Telegrams of Congratulation.

Lincoln, Neb., July 18.—William Jennings Bryan, is today receiving many messages of congratulations as a result of his speech last night to the labor leaders which was practically the opening of his campaign for the presidency.

Among the messages are several from leaders of organized labor, who indorses his views, especially in so far as they refer to the appointment of a labor representative to a real cabinet position.

THE FAIRFAX TITLE.

The House of Lords has taken the first formal step in recognition of the claim of Albert Kirby Fairfax, a native of Virginia, to the title of Lord Fairfax. It has permitted the claimant to deposit proof of his contention and the committee on privileges will consider this proof and report. Fairfax, who is a native of Virginia, has been described as the only American bearing an English title. In February of this year he took steps definitely to establish his right to the title. King Edward in that month referred to the House of Lords the petition "of Albert Kirby Fairfax, claiming to be Lord Fairfax of Cameron, in the peerage of Scotland, that his majesty will cause his right to the title and dignity of Lord Fairfax of Cameron to be declared and established."

BISHOP GIBSON AT GRAVESEND.

In a letter from London to the Richmond Times Dispatch Rev. T. O. Darst says:

On Sunday, June 28th, the Rt. Rev. R. A. Gibson, D. D., of Richmond, preached by special request in St. George's Church, Gravesend. This is the church in which Pocahontas worshiped after coming to England and in the graveyard of which she is buried. Bishop Gibson's sermon was naturally along historical lines, and created a splendid impression. In the afternoon of the same day 1,200 children came out to hear the bishop at the special children's service. The bishop and party expect to return to Richmond in August.

SUCCESSFUL MEETING.

The woods meeting being conducted by Rev. F. A. Strother, of Fairfax Circuit, M. E. Church South, at Hotmail, three miles from Fairfax on the Falls Church road, is growing quite a success, notwithstanding the interruptions by storms. The night congregations are attentive. The meetings were to have closed Friday next, but on account of the great interest manifested they will be conducted over Sunday. After Friday there will be only one sermon a day—8 p. m.

On Sunday evening last there was a severe wind, rain and hail storm which swept over the ground, uprooting great oaks and overturning the pastor's tent, but no serious damage was wrought. The crops in the belt of the storm about two miles across were partially destroyed.

Rev. E. V. Regester, of Alexandria; F. Reeves, of Washington, and L. W. Goodwin have aided the pastor in the preaching on the ground.

BURNED TO THE GROUND.

The savings of a lifetime were destroyed in exactly one hour last night when all the buildings with the exception of one wooden structure on the farm of Mr. William Simpson, southwest of this city in Fairfax county, burned to the ground. It will be remembered that Mr. Simpson is a bricklayer by trade and by hard work had secured enough money to start a dairy business. By working at his trade every day and by means of an industrious family he added to the property purchased by him, and up to last night he had hoped he could retire from the arduous task of bricklaying and make a good living out of his farm. But as man proposes, so the disposition was in the hands of Providence, as seen by the destruction of his entire perishable estate last night. Though partially insured, Mr. Simpson's loss is heavy. He had just completed a granolithic floor in his cow barn to conform to dairy regulations and, judging from observation, if there is anything left of his entire estate it is the granolithic floor just laid and the land on which his buildings were erected. Mr. Simpson has struggled hard to gain a home, has quite a large family, and is energetic and saving in his habits. The sympathy of the entire city, in which he was born and reared, goes out to him in his loss. The fire, it is said, was caused by an overturned lighted lamp.

TWO BROTHERS SHOT.

George and Raymond Trumbo, two brothers, sons of the late Dr. Trumbo, a prominent resident of Warren county, were shot and seriously injured Thursday night at Linden, by Detective M. L. Pankey, of the Southern Railway.

Detective Pankey was sent to Linden on official business by his superior officer, Special Agent W. S. Connelly, of Alexandria. There he was attacked by the Trumbo brothers. Apparently bad feelings existed on the part of the Trumbos on account of an old grudge which stared a few months ago when one of the Trumbo boys was arrested on a charge of creating a disturbance on a Southern train.

It is alleged that Pankey was cut at with a knife or sharp instrument, his coat showing a large cut, while his shirt has a cut right above the heart, six inches long.

George Trumbo is in a serious condition, the bullet having passed through the neck. Raymond was shot through the chin. Pankey will surrender himself to the authorities. He is well-known in this city.

WILL CORRAL THE NEGRO VOTE

W. C. Coleman, colored, has a scheme by which he is convinced the colored vote can be secured for W. J. Bryan next November. He realizes the fact that negroes are by no means satisfied with Taft, as he is President Roosevelt's candidate, and they are smarting under the action of the executive in the Brownsville affair. Coleman is satisfied that should he make a tour of the country and place the matter before the eyes of the colored race, they would come to Bryan en masse. But this requires money, and he is in no condition to make the expenditure necessary for such a crusade. He says it could be accomplished at a cost of about $1,500 and he is ready and anxious to get into the saddle as soon as the necessary wherewithal is available. The democratic national committee has the chance of their lives. If Bryan can be elected at such a comparatively small outlay, contributions to the campaign fund would be infinitesmal, and it would be the cheapest presidential election on record.

The residence of Norval T. Foard, 816 Princess street, was entered by thieves Thursday night who stole $3.22 in change, two pairs of shoes, a knife, and several other articles. The robbers entered the residence by a rear window, climbing to it by means of a shed.

ACCIDENT TO LAUNCH.

After the ferry steamer Lackawanna had left its pier in Washington for Alexandria about 1:40 p. m. yesterday a gasoline launch made its way up the harbor. In the boat were A. F. Hall, W. Whitmore, James Butler, and M. Varnum. The launch was a short distance ahead when its steering gear broke. The ferry boat immediately stopped, and members of the crew hurried to the side with ropes. Believing the launch would crash into the Lackawanna beneath the side wheel, the four men jumped overboard. All were able to swim except Varnum, who clung to the side of the launch. The launch did bump against the ferry, but the impact was slight, and no damage resulted. Butler and Varnum were hauled aboard the steamer with ropes, but Hall and Whitmore swam about until they got the little craft away from the larger vessel, and then climbed aboard her.

HOSPITAL TENT.

As will be seen by an advertisement in today's paper, Mr James P. Shannon, the popular agent of The General Accident Insurance Company of Philadelphia, has made arrangements for a hospital tent during the Loudoun county bush meeting to be held at Purcellville from August 4 to 12 for the benefit of their policy holders. The hospital tent will be in charge of a skilled physician and several trained nurses. The headquarters of the agent is room 7, Alexandria National Bank Building. He is at his office Friday and Saturday of each week. The company has paid to Mr. Harry Fleischmann, one of its policy holders, $27.50, for two weeks' sick benefit.

BOARD OF ALDERMAN.

A called meeting of the Board of Aldermen was held last night for the purpose of concurring in the action of the Common Council last Tuesday night on the ordinances for the paving with vitrified brick of Columbus street, between King and Cameron, and for the grading, paving and curbing of Payne street, from Cameron to Queen, which was also received from the lower board last Tuesday night.

The ordinances were read the second and third times and passed by unanimous votes.

The Aldermen were in session but a few minutes.

PLEASURE FLEET INCREASES.

Mr. Frank Kass, head cooper for the Portner Brewing Company, has added to the fleet of Alexandria pleasure boats a fine specimen of a yacht, named the Ultra. It is 35½ feet long and has six inches beam, and has a 34 horsepower engine. The yacht is not a speed boat, as it is entirely covered with a cabin. Admiral Calmes' yacht, Augusta, has held the record for speed among all the pleasure boats of this city and Washington, but the Augusta, now has another rival to conquer in the Ultra.

SUDDEN DEATH.

Mr. Julius H. Krause, of this city, was found dead in his room at 620 Virginia avenue in Washington this morning. The remains were subsequently brought to 1446 Duke street, the home of the deceased. Mr. Krause leaves a widow and several children. He was a butcher by occupation, and was 63 years old. The Washington police are investigating the case.

FUNERAL.

The funeral of the late Samuel Ticer will take place from the residence on Queen street tomorrow afternoon, and will be attended by Osceola Tribe of Red Men and Alexandria Council, Junior Order United Americans, and the pallbearers will be members of those organizations. The services will be conducted by Rev. P. P. Phillips.

CHARTER.

The corporation commission has granted a charter to the Washington Monument Association of Alexandria. The following officers were elected: W. B. Smoot, president; C. C. Leadbeater, treasurer; and A. J. Wedderburn, secretary, all of Alexandria. The object and purposes are to build a monument to George Washington.

OFFICIAL VISIT.

District Deputy Grand Master W. L. Allen last night paid an official visit to Henry Lodge of Masons, of Fairfax. The District Deputy was accepted by a large delegation of Masons from this city and after work the visitors were hospitably entertained. They returned to this city at an early hour this morning.

FELL FROM A TRAIN.

Arthur Harrington, a youth of this city, fell from a Chesapeake and Ohio train near Cameron, a short distance west of this city, yesterday and broke his right arm. He was attended by Dr. Delaney. Harrington had been to Manassas and was on his way home when he fell from the train.

DEATH OF MRS. SUMMERS.

Mrs. Cora L. Summers, widow of Frank Summers, who fell from a street car in Washington on Thursday night, died at the Freedmen's Hospital in that city early this afternoon. Mrs. Summers was the daughter of the late Henry Baker, and leaves four children.

MISSING MAN.

Thomas P. Scanlon, 28 years old and married, has been missing from his home, 515 north Columbus street, since Thursday. Scanlon has been employed in the Southern Railway roundhouse in this city.

THE GAZETTE.

The St. Louis Republic in its centennial number issued on the 12th instant has the following to say of the Gazette:

ALEXANDRIA (VA.) GAZETTE.

[Established 1800.]

The Alexandria Gazette was started as a weekly, appearing first in 1800. It now has a daily edition. Hubert Snowden is editor and publisher.

The very earliest record of The Gazette is 1784, when in the court records an order appears directing a certain entry to be published in The Alexandria Gazette once a week for four successive weeks.

In 1800 Samuel Snowden, the grandfather of the present owners and publishers, who for some time had been connected with the paper, became its sole owner and publisher. He died in 1830, and was succeeded by his son, Edgar Snowden, who remained as owner and editor of the paper until his death in 1875. Edgar Snowden—the second—succeeded as the eldest son, and just previous to the death of Edgar Snowden II, Harold Snowden, another brother, became the editor, continuing until his death in 1901. At this time Hubert Snowden, a still younger brother, succeeded to the editorship of the Gazette, and is also its manager at present, the paper having remained uninterruptedly in the hands of the Snowden family for 108 years.

In "the big fire" in Alexandria, in 1827, the Gazette was burned out, but reappeared soon thereafter under the heading of the Phoenix Gazette, which was retained for a short time only, when its original name was taken again. In 1862 The Gazette building and its contents were destroyed by fire set by the Federal troops, which at that time occupied the city. The files of the paper, with the exception of a few volumes, remain intact in the office.

AN ORDINANCE to provide for the grading, paving and curbing of Columbus street from the north crossing of King street to the north crossing of Cameron street, as said Cameron street runs west from Columbus street, under certain condition.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have Columbus street from the north crossing of King street to the north crossing of Cameron street, as said Cameron street runs west from Columbus street, with the exception as described in section 3 of his ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good and substantial manner under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base and for the curbing a six (6) inch granite curb set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Virginia, and in any other newspapers and publications should they deem it necessary, for proposals for materials and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interests of the City Council will be subserved thereby by contract under bond after advertisement as hereinbefore provided for materials.

Section 2 Be it further ordained that the said Committee on Streets shall not begin said work or purchase any materials or let any contract pertaining to said work until an amount equivalent to two dollars and ten cent ($2.10) per front foot for three-fourths (3-4) of the linear feet of property on the said square has been voluntarily deposited with the City Treasurer for defraying a portion of the expense of said grading, paving and curbing.

Section 3. Be it further ordained that no curb shall be set and that no grading or paving shall be done within six and three fourths (6¾) feet of the curb line in front of any property for which the proportionate expense hereinbefore mentioned shall not be deposited with the City Treasurer, either before or during the grading and paving of the center portion of said street directly in front of said property.

Section 4 Be it further ordained that the portion of the said street in front of any property which may not be curbed, graded and paved in the manner aforesaid by reason of section 3 of this ordinance, shall, upon there being voluntarily deposited with the City Treasurer, of an amount equivalent to the actual cost of labor and materials necessary to so curb, grade and pave in front of said property, be so curbed, graded and paved.

Said voluntary deposits mentioned in this and the two preceding sections may be in cash or may be part cash and the balance in notes, as may be agreed upon by a majority of the finance committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 5. Be it further ordained that as said grading, paving and curbing is being done, the Auditor is authorized to draw warrants, from time to time upon the Treasurer of this city, in an amount not to exceed thirty-seven hundred dollars ($3,700.00) to pay for said grading, paving and curbing, and a sufficient amount of money for such purpose, not to exceed thirty-seven hundred dollars ($3,700.00) is hereby appropriated.

Section 6. This ordinance shall be in force from its passage.

Passed the Common Council July 14, 1908.
HUBERT SNOWDEN, President.
Passed the Board of Aldermen July 17, 1908.
J. R. N. CURTIN, President.
Approved July 18, 1908.
FRED J. PAFF, Mayor.

It Pays to Advertise.

A theatrical manager was holding forth on the value of publicity the other day and pointed his moral with this:

"When the teacher was absent from the schoolroom, Billy, the mischievous boy of the class, wrote on the blackboard:

"'Billy Jones can hug the girls better than any boy in school.'

"Upon her return the teacher called him up to her desk.

"'William, did you write that?' she asked, pointing to the blackboard.

"'Yes, ma'am,' said Billy.

"'Well, you may stay after school,' said she, 'as punishment.'

"The other pupils waited for Billy to come out, and then they began guying him.

"'Got a licking, didn't you?'

"'Nope,' said Billy.

"'Got jawed?'

"'Nope.'

"'What did she do?' they asked.

"'Shan't tell,' said Billy, 'but it pays to advertise.'"—Des Moines Register and Leader.

A Peculiarity of Criminals.

Policemen, in spite of their trouble in solving what appear to be more or less simple problems, are fond of asserting that the ordinary criminal betrays an amazing lack or originality. In support of this they point out that when a criminal is arrested after doing one "stretch" the second charge against him is generally for the same sort of crime. They explain this by saying that each failure or each loss shows the "crook" some point of which he had been ignorant, and it is easy for him to convince himself that next time he will avoid that mistake and be successful. When he fails and is arrested the law shows him just where he bungled, and the gambler's love of taking a chance urges him to try his luck at the old game once more. Then there is also always to be considered the unconscious and "gritty" determination to make a success of the thing anyhow.—New York Tribune.

British Army's First Trousers.

Perhaps the army revolution of deepest interest to the soldier himself was that effected in 1828, when for the first time he was put in trousers. The announcement from the horse guards took the following remarkable form: "His majesty has been pleased to approve of the discontinuance of breeches, leggings and shoes as part of the clothing of the infantry soldiers and of blue gray cloth trousers and half boots being substituted." In order to indemnify the "clothing colonels" for any hardship which the new order might cause it was decided that these gentlemen should no longer be called upon to provide the waistcoat of Tommy, but that Tommy should himself supply it out of his shilling a day. To reassure him it was pointed out that he was in a position to do so with comfort, because he would no longer have to buy gaiters.—London Chronicle.

The First Gas Tubes.

William Murdock, a Scottish mining engineer employed in the Redruth mines, Cornwall, appears to have been the first to suggest that gas might be conveyed in tubes and used instead of lamps and candles. He made a very ingenious gas lantern for himself, with which he used to light his way over the Cornish moors at night. This lantern consisted of a bag filled with gas and fitted with a tube, at the end of which the gas could be lighted. Carrying the bag under his arm, Murdock used to light his way home at night. On meeting any one it is said that he would give the bag a squeeze and thus send out a long tongue of flame. This led to his being looked upon as the demon of the Cornish moors.—London Telegraph.

The Voice of the People.

Bob Toombs of Georgia was massive in frame and a giant in intellect. A back country paper criticised a bill he was putting through the legislature. "This sheet," he roared, flourishing it aloft at a public meeting in Marietta, "is about the size of a boy's shirt tail and is called Vox Populi—the voice of the people! It has been established eight years and has a circulation of 100 weekly in a state with 1,000,000 population. Voice of the people! Why, it is the voice of one of the people, and he is an illiterate ass!"

Just as a Precaution.

In a small village in the south of Scotland an elder in the parish church was one day reproving an old woman who was rather the worst for liquor by saying, "Sarah, don't you know that you should fly from the tempter?" Sarah (not too well pleased)—Flee yersel'! Elder—Oh, Sarah, I have flown! Sarah—Aweel, I think ye'll be nane the waur o' anither flutter!—Scottish American.

The Focus.

Three sons who had gone west to make their fortunes in cattle raising wrote home for an appropriate name to give their ranch. The reply, "Focus," did not seem especially suitable until the explanation was forthcoming, "The place where the sons raise meat."—Lippincott's.

The Possibility.

Stage Manager—Great snakes! Stop! Don't move that scene yet.

Supe—It's most time.

"Don't touch it. Juliet is there dead in the tomb. If you move that canvas it will let in a draft and she'll sneeze."—Kansas City Independent.

Takes Them In.

Teacher—Have you looked up the meaning of the word "imbibes," Fanny? Fanny—Yes, ma'am. Teacher—Well, what does it mean? Fanny—To take in. Teacher—Yes. Now give a sentence using the word. Fanny—My aunt imbibes boarders.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and Bladder Pills and they have done for me more than any other medicine has ever done." Sold by W. F. Creighton & Co.

Chamberlain's Cough, Cold, Whooping Cough and Diarrhoea Remedy Would Have Saved Him $100,00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March, 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by W. F. Creighton & Co. and Richard Gibson.

Annual Meeting Grand Lodge, B. P. O. Elks, Dallas, Tex., July 12-18.
